- Voltage: 230 V, 50 Hz (UK 240 V, 50 Hz)
- Power consumption: 3 W
- Batteries: rechargeable

Accessories
- Elite brush head: Single pack - HX 7001/20

Highlights

Patented sonic technology
Sonicare's patented sonic technology combines contour-fit bristles and wide brushing strokes with high-speed bristle motion (31,000 brush strokes per minute) to create a dynamic cleaning action. This gives you a brushing experience unlike any other. The Sonicare toothbrush is also clinically proven to help reduce gingivitis, improve gum health and significantly reduce coffee, tea and tobacco stains, for naturally whiter teeth.

Sophisticated brush head
Brush head with slim, angled neck and round-ended bristle tips, designed to fit the contours of the teeth for enhanced manoeuvrability.

Recharge indicator
Indicates when the handle needs recharging, is charging or is fully charged. Long-life batteries give up to two weeks of brushing twice a day between charging.

Brush head holder
Conveniently stores an extra brush head.
